

18th International Conference-School

2016
08

27-31

ADVANCED MATERIALS AND TECHNOLOGIES

TOPICS:

- Methods of surface analysis
- Surface engineering and nanostructures
- Electronic and optical materials
- Advanced engineering materials
- Polymers, ceramics and composites
- Materials for energy

IMPORTANT DATES:

- May 18** deadline for the registration and abstracts
- June 2** deadline for the reduced registration rate
- June 29** final announcement (including a programme)
- August 27** beginning of the Conference - School (arrival)

ORGANIZERS:

- Kaunas University of Technology
- Lithuanian Materials Research Society
- Vilnius University
- Tartu University
- Center for Physical Sciences and Technology
- University of Latvia
- Riga Technical University

Registration and information:
advancedmaterials.ktu.edu
